UI/UX Guidelines

How every LearnNext Admin screen looks and behaves — colour, type, layout, components, motion and states.

October 2026 Prepared by Atul Kumar

LEARNNEXT ADMIN

Contents

These guidelines define how every LearnNext Admin screen looks and behaves. Follow them for all new modules so the product stays consistent.

01 Principles 03

02 Colour 04

03 Typography 06

04 Layout & spacing 08

05 App shell 09

06 Components 10

07 Charts & dashboards 11

08 Motion 12

09 States & system pages 13

10 Accessibility & writing 15

01 Principles

Five rules settle every design decision. When two options both look fine, the one that serves these better wins.

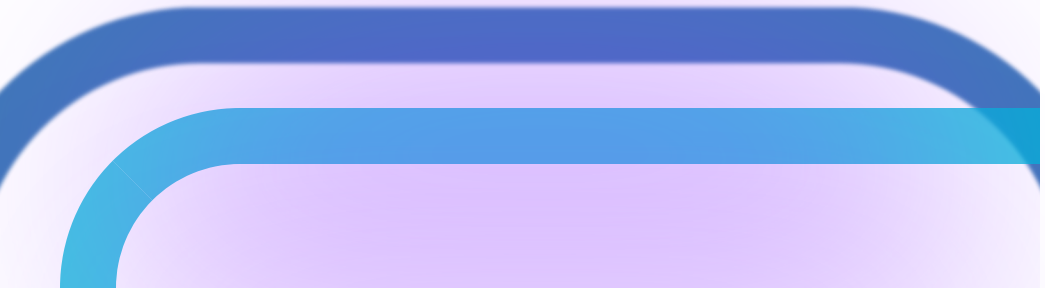

01 **Calm over loud**
Colour and motion carry meaning, never decoration.

02 **Clear at a glance**
The key number or action reads in under three seconds.

03 **Consistent**
One component per pattern; light and dark look like one product.

04 **No dead ends**
Every state offers a next step.

05 **Accessible**
WCAG 2.1 AA is the minimum.

02 Colour

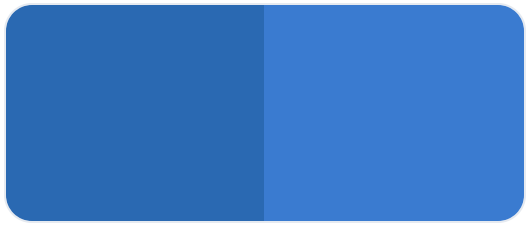

All colours are named tokens — never raw hex in screens — so light and dark themes stay in sync.

Brand

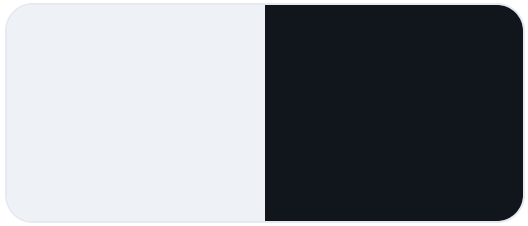

LearnNext Blue

#2A69B2

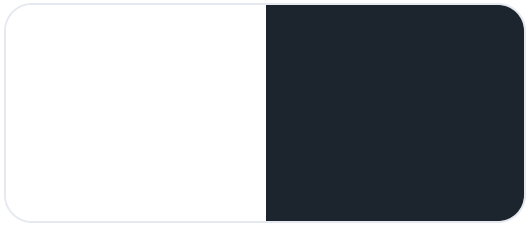

Dark theme · #3A7BD0
Buttons, active menu, links, focus

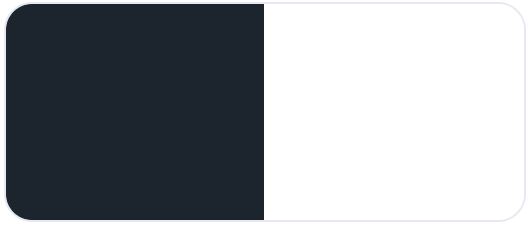

Primary
#2A69B2 · #3A7BD0

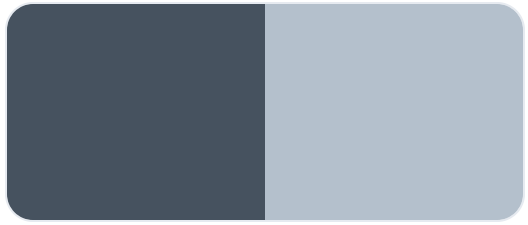

Background
#EEF2F7 · #11161C

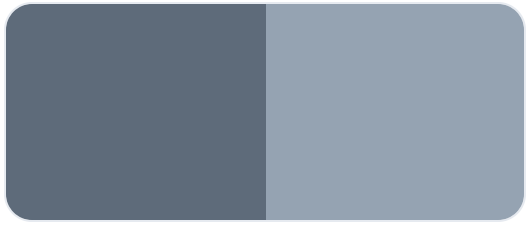

Surface
#FFFFFF · #1C252E

Text
#1C252E · #FFFFFF

Text secondary
#46525F · #B4C0CC

Text muted
#5E6B7A · #95A3B2

Left half = light theme Right half = dark theme

Status, charts & surfaces

STATUS — ALWAYS WITH A WORD OR ICON

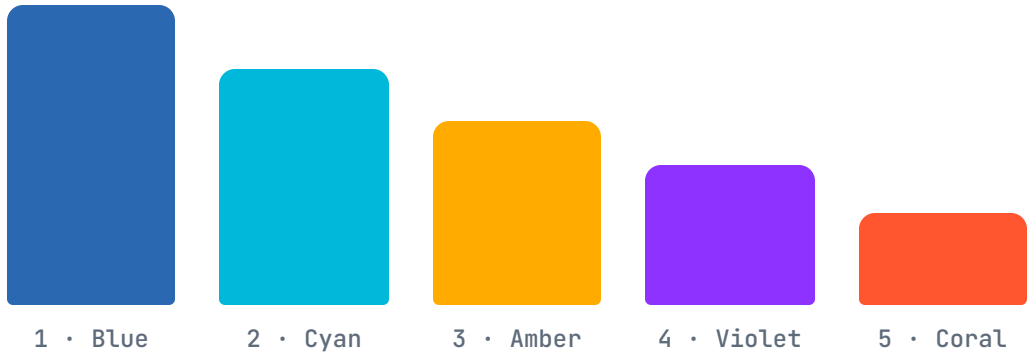

Success
#118D57
● Completed

Warning
#B76E00
● Pending

Danger
#B71D18
● Overdue

Info
#006C9C
● Scheduled

CHART PALETTE — ALWAYS IN THIS ORDER

Frosted glass card

Translucent white · soft blur · hairline edge · soft blue-tinted shadow

Cards sit on a lightly tinted canvas with soft colour glows behind. The glass picks up those colours, which keeps the interface light without flat white boxes.

03 Type

Public Sans

Google Fonts · falls back to the system font (Segoe UI, San Francisco, Roboto)

ABCDEFGHIJKLM
NOPQRSTUVWXYZ

abcdefghijklm
nopqrstuvwxyz

0123456789 ₹ % & @

Aa Regular 400	Aa Medium 500	Aa Semibold 600	**Aa** Bold 700

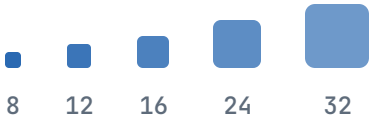

Type scale

Sentence case everywhere. Numbers use tabular (equal-width) figures so columns line up.

PAGE TITLE	**Good afternoon, Atul**	22–24 px · Bold
KPI VALUE	**₹1.67 Cr**	26–34 px · Bold
CARD TITLE	Program schedule	17 px · Semibold
BODY	Track learner progress and coordinate facilitators from one calm place.	13–14 px · Regular
CAPTION	Updated 42m ago · 9 upcoming sessions	11–12 px · Medium

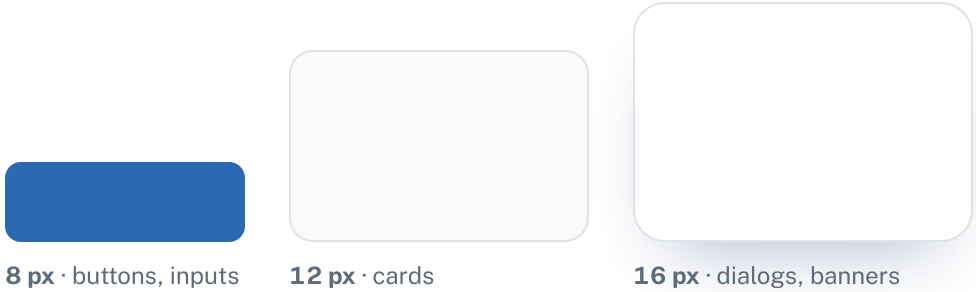

04 Layout & spacing

SPACING — MULTIPLES OF 4 PX

Sections sit 24 px apart; related items 8–12 px.

CORNER RADIUS

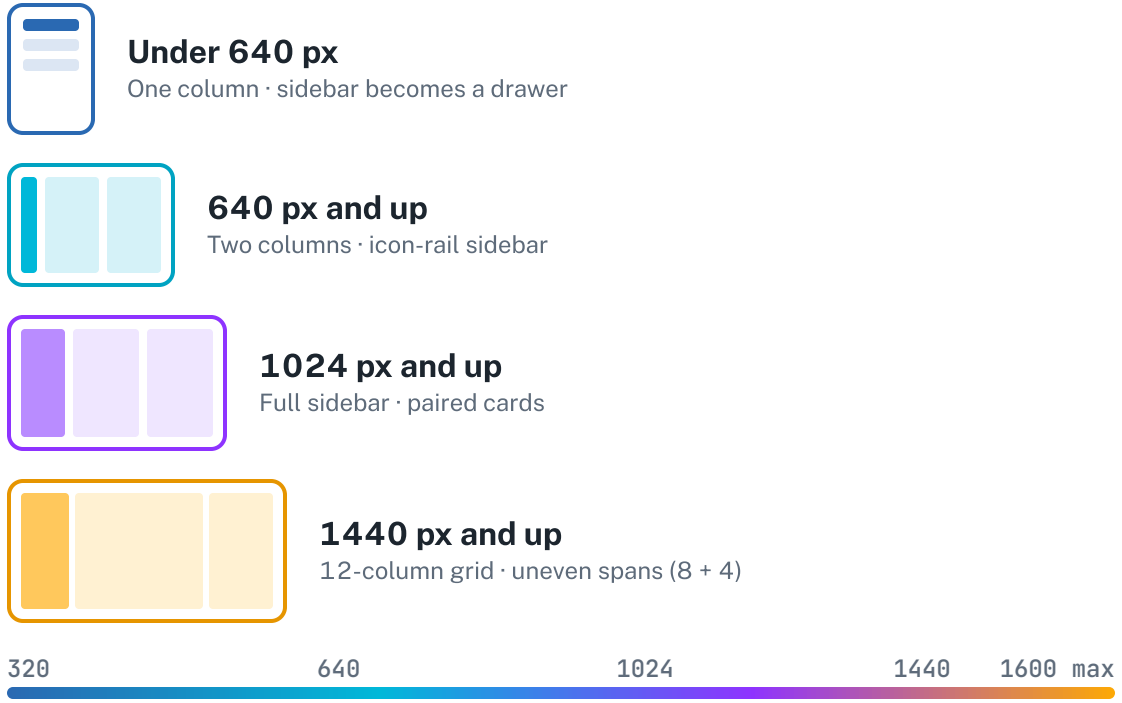

8 px · buttons, inputs

12 px · cards

16 px · dialogs, banners

RESPONSIVE — NO SIDEWAYS SCROLLING AT ANY SIZE

Under 640 px
One column · sidebar becomes a drawer

640 px and up
Two columns · icon-rail sidebar

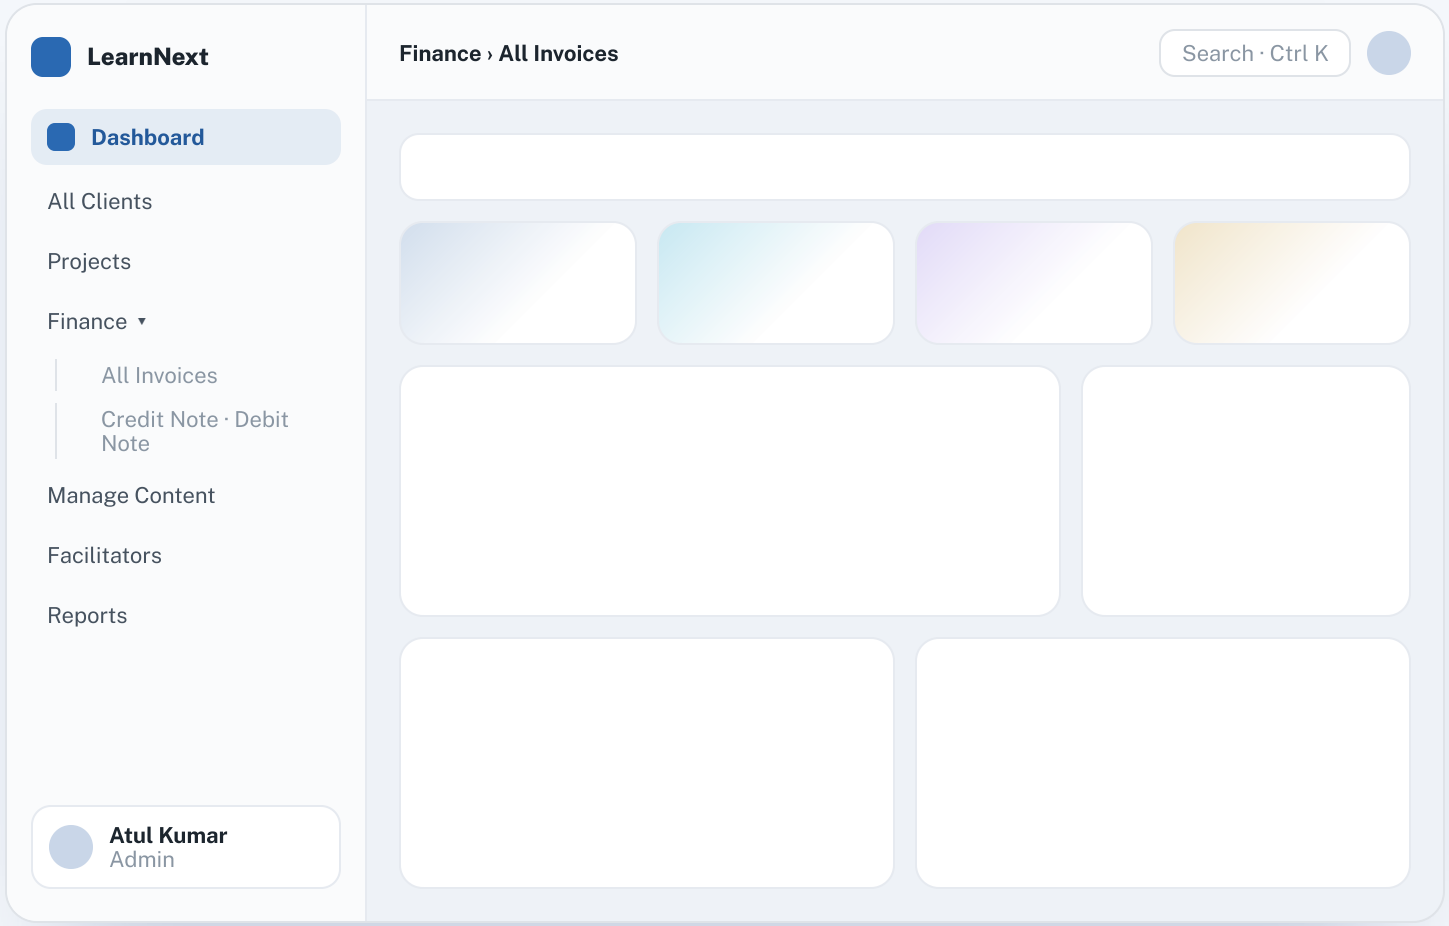

1024 px and up
Full sidebar · paired cards

1440 px and up
12-column grid · uneven spans (8 + 4)

320 640 1024 1440 1600 max

05 App shell

Every signed-in page uses the same frame: sidebar, header and content.

Sidebar

One flat menu; Finance is the only sub-menu. Active item = soft blue row with a solid icon tile. Icon rail on desktop, drawer on phones.

Header

Page name (with parent for sub-pages), then search (Ctrl/⌘ K), notifications, theme and user menu.

New modules

Added through the navigation config, which also sets the breadcrumb and tab title.

Log out

Always asks for confirmation.

06 Components

Build every screen from the shared library. Missing an option? Extend the component — never create a look-alike.

BUTTONS — ONE PRIMARY PER AREA

Save changes | Cancel | Soft | Ghost | Delete | ···

FORM FIELD

BADGES — ONE SHARED STATUS MAP

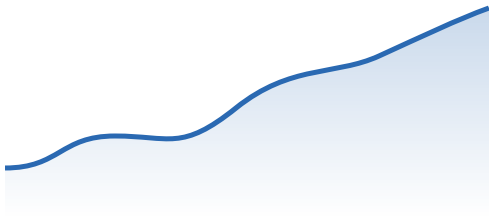

Approved | Pending | Rejected | Draft

Button	Destructive actions are red and confirmed
Icon button	Always has a label (tooltip + screen reader)
Form field	Label on top; errors after leaving the field or on submit
Inputs	Same height, border and focus ring for every type
Card	Optional header: icon, title, description, badge, action
KPI tile	Soft tint, icon, value, caption; max four per row
Table	Search, filters, pagination; columns hide by priority
Overlays	Modal (bottom sheet on phones), drawer, popover; Esc closes

07 Charts & dashboards

One question per chart, stated in its title. Exact values on hover.

Trend
Line / area

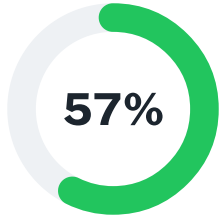

Compare items
Horizontal bars

Parts of a whole
Donut, up to 5 parts

Single ratio
Progress ring

PERIOD

This month | **Last month** | Quarter

One switch per dashboard; each card shows its period chip.

MONEY

₹4.8 L · ₹1.67 Cr

Rupees with compact units; exact amount on hover.

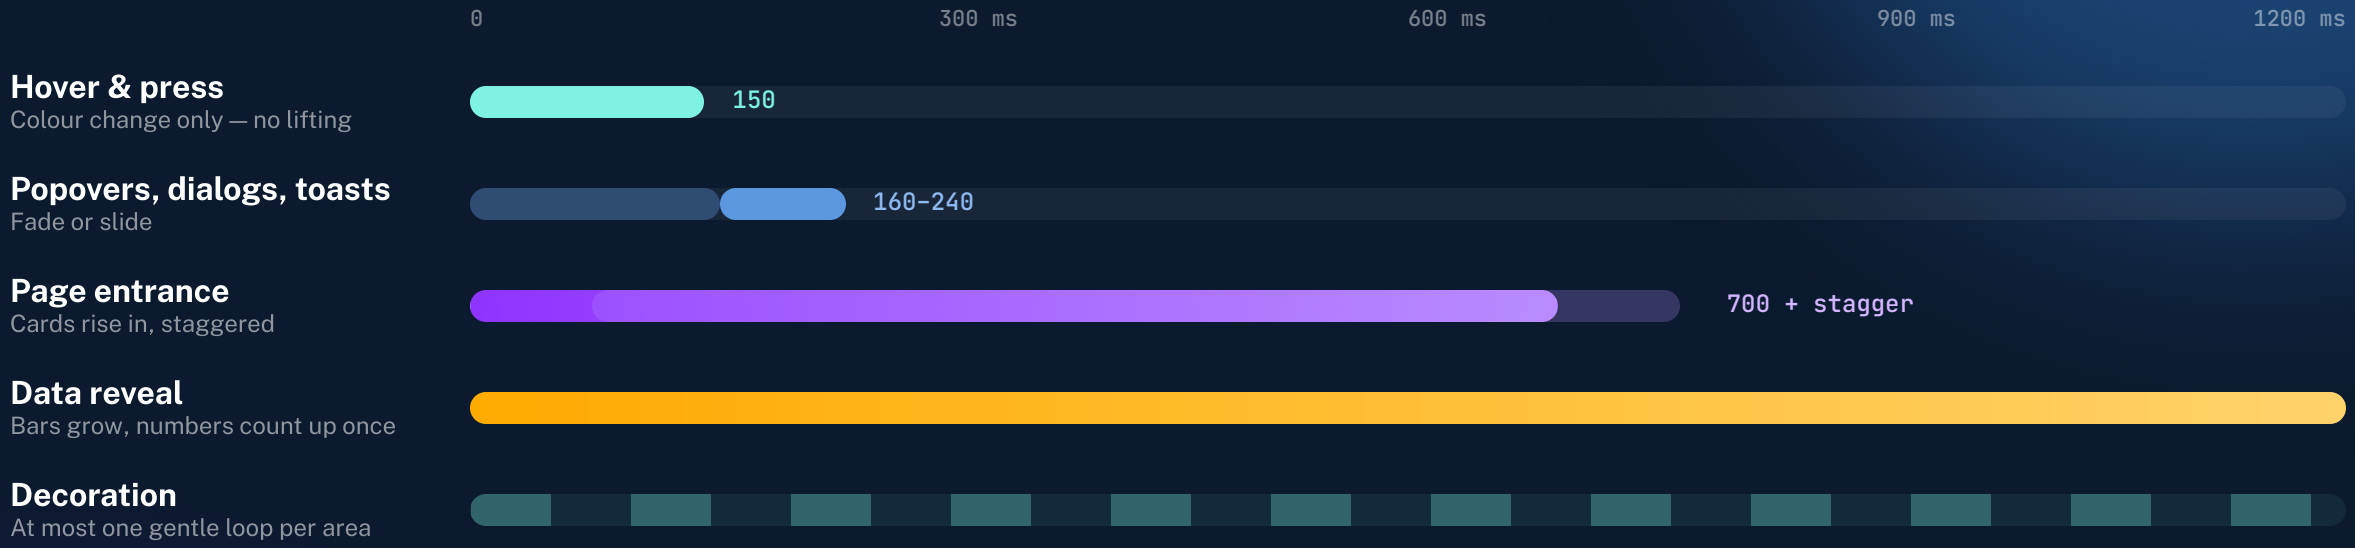

COLLECTED VS DUE

₹70.1 L collected · **₹96.7 L** due

08 Motion

Motion explains what changed. Short, soft, never in the way.

All decorative motion stops when “reduce motion” is on.

09 States & feedback

Every view designs loading, empty, error and ready up front. Never browser alerts.

LOADING

Skeleton shaped like the content.

EMPTY

No activity in this view

Try a different date range.

Show all activity

ERROR

Couldn’t load the dashboard

Check your connection and try again.

Retry

SUCCESS

Profile updated

Closes itself after 4 s

UNSAVED CHANGES

10 Accessibility & writing

CONTRAST — AT LEAST 4.5:1 FOR TEXT

Aa 15.6 : 1	Aa 8.0 : 1	Aa 5.4 : 1	**Aa** **5.6 : 1**

Keyboard & focus

Focused button

Everything works by keyboard; Esc closes overlays.

Labels & targets

32 px minimum tap target; icon buttons carry a label.

Colour never carries meaning alone.

WRITING — PLAIN, SHORT, SPECIFIC
